ENDLESS SUMMER

2020 WaveRunner

ENDLESS SUMMER

Endless
/end·less/

ADJECTIVE

Infinite; having or seeming to have no end or limit.

There is nothing like getting out on the open water, breathing in the fresh air, feeling the warm sun on your back and sharing amazing experiences with your friends and family.

Whether you're into exploring your local waterways, hitting the surf, towing the kids on a tube, racing your mates or simply casting a line - Yamaha WaveRunners deliver endless on-water fun, thrills and adventure.

An enviable reputation for producing the most reliable and highest quality watercraft in the industry, means you'll spend less time in the workshop and more time out on the water, discovering the endless possibilities that Australia's great outdoors has to offer.

With the incredible versatility, legendary reliability and outstanding performance of a Yamaha WaveRunner - you too will experience an *Endless Summer.*

Overseas model shown

#YAMAHA ADVANTAGE

LEGENDARY RELIABILITY

Yamaha WaveRunners have built a legendary reputation for their reliability and for starting first-time every time. This is critical when you are far from shore and exposed to the unpredictability of mother nature.

Don't take our word for it. Speak to any independent mechanic or go online and check out the many personal watercraft (PWC) forums to hear first-hand from experienced riders, on why Yamaha WaveRunners continue to lead the industry when it comes to reliability, quality, durability and resale value.

POWERFUL MARINE-GRADE ENGINES

Unlike some of our competitors, Yamaha WaveRunners are powered by purpose-built marine engines (not modified land-based engines) using the highest quality marine-grade parts and componentry. This means our engines can handle the harshest and most corrosive marine environments, resulting in less ongoing maintenance and more time on the water.

Yamaha marine engines are renowned throughout the world for their cutting-edge design, smooth and quiet operation, fuel efficiency, toughness and reliability.

MARINE-GRADE COOLING SYSTEM

Yamaha marine engines utilise an open loop cooling system, as used by 99% of marine manufacturers across the globe. This system is the most effective, reliable and maintenance free way to keep your engine cool and running efficiently.

This is in direct contrast to marine 'closed loop cooling systems', which are more difficult and expensive to maintain.

LIGHTWEIGHT & DURABLE HULLS

Yamaha is the only PWC manufacturer with full-scale high-compression moulding capabilities, which deliver a consistent and high-quality finish every time. This is combined with advanced and ultra-reliable SMC and NanoXcel® technologies (no plastic) and materials to produce extremely strong, lightweight and industry leading hulls and decks.

Not all personal watercraft are created equal. When you buy a Yamaha WaveRunner, you are buying the knowledge and expertise gained from over 60 years of industry-leading research and development, cutting-edge design and engineering and real world on-water experience.

JAPANESE QUALITY

An uncompromising attention to detail, precision engineering and continuous improvement is why Japanese made Yamaha WaveRunner engines are renowned for their exceptional quality, performance and durability.

EXCELLENT FUEL ECONOMY

Through knowledge gained over 60 years of cutting-edge marine engine design and development, Yamaha has developed the most fuel-efficient watercraft in the industry. What this means for you, is less money spent on fuel, less time filling up and more time out on the water having fun.

PURPOSE BUILT

Yamaha is one of the few manufacturers in the marine industry that builds every component of the watercraft including the hull, deck, engine and water pump – ensuring every part works seamlessly together to achieve outstanding performance and long-term reliability.

BETTER RESALE VALUE

Yamaha's legendary reputation for reliability pays dividends when it comes time to trade up to the latest new model. Pre-owned WaveRunners consistently sell more quickly and achieve higher resale values than any other personal watercraft brand, meaning a lower lifetime cost of ownership.

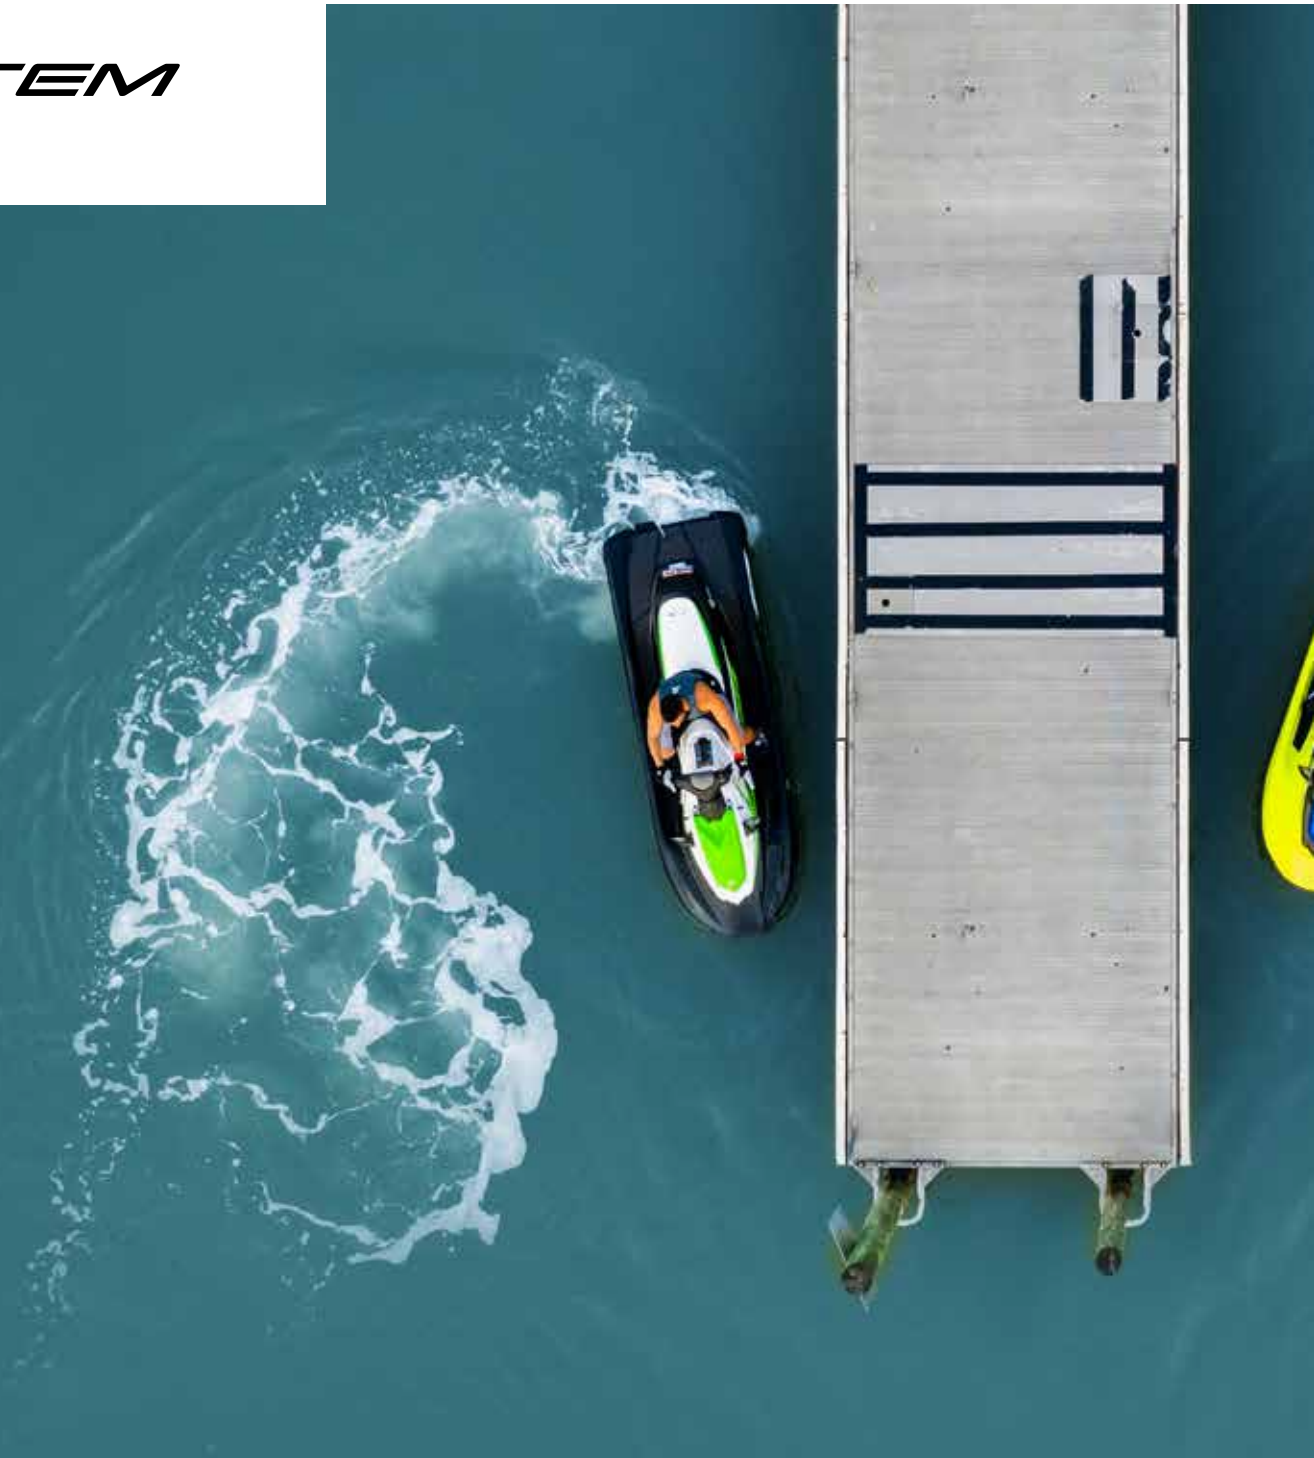
INNOVATIVE CONTROL SYSTEM

THE WORLD'S FIRST DUAL THROTTLE HANDLEBAR CONTROL SYSTEM

Yamaha's patented RiDE™ (Reverse with Intuitive Deceleration Electronics) system provides a simple and intuitive way to control your WaveRunner when decelerating, reversing and turning.

Whether launching off a trailer, docking in a tight spot or slowing down in a hurry, RiDE™ makes manoeuvring your personal watercraft effortless.

RiDE
REVERSE WITH INTUITIVE DECELERATION ELECTRONICS



HOW RIDE™ WORKS

There's no manual shifting, no gears
and no complicated process.

DECELERATE/REVERSE

Pull the left throttle trigger (RiDE™) to decelerate and reverse. Release the trigger for neutral.

ACCELERATE

Pull the right throttle trigger to move forward and to accelerate. It's that simple!

#YAMAHA TECHNOLOGY

INDUSTRY LEADING MARINE ENGINES

CUTTING-EDGE HULLS AND DECKS

Built and assembled in the USA, our hulls and decks use high compression moulding and cutting-edge material compounds to achieve industry leading weight, strength and on-water performance.

SMC HULL

Yamaha's Sheet Moulded Compound (SMC) marine-grade fibreglass, uses high-strength reinforced composite material (not plastic) for a tough and corrosion resistant finish.

NANOXCEL LIGHTWEIGHT HULL

Our patented NanoXcel material, uses nanotechnology to deliver a 25% weight reduction over traditional hulls for improved power-to-weight, fuel economy, speed and handling.

NANOXCEL2 ULTRA-LIGHTWEIGHT HULL

Yamaha's patented NanoXcel2 ultra-lightweight material is almost 40% lighter than traditional hulls, helping Yamaha win countless Australian and World Championships.

CHEQUERED FLAGS

RACE INSPIRED

GP1800R SVHO & GP1800R HO

Whether you're competing for points on the pro circuit or bragging rights with your mates, Yamaha WaveRunners consistently outperform the competition.

We've consulted with the pros to develop World Championship winning, race-ready engines and lightweight, responsive frames to ensure that you dominate from the green flag to the chequered flag.

STANDARD FEATURES

- 160mm 8-Vane High-Pressure Pump (SVHO) / 155mm High-Pressure Pump (HO)
- Multifunction Instrumentation Centre
- Low RPM Mode and Security Mode with Remote Transmitter
- Two-Tone Hydro-Turf Mats
- 70 Litre Fuel Capacity
- 1-3 Person Capacity
- Dual Mirrors, Dual Cup Holders, Reboarding Step and Tow Hook
- 93.1 Litres of Storage Including Watertight Compartment
- Under Seat, Glove Box and Hood Storage
- 3 Year Warranty as Standard

GP1800R SVHO LIME YELLOW WITH BLUE

The supercharged GP1800R SVHO (Super Vortex High Output) muscle craft delivers the ultimate championship winning package for professional racers, performance enthusiasts and weekend warriors. This craft has completely dominated the Australian and World Championship stock class racing scene since its inception in 2017 and is the only watercraft to ever be awarded the 'Watercraft of the Year', for two years running, by the coveted Watercraft Journal.

CHAMPIONSHIP WINNING DNA

GP1800R HO
BLACK CARBON WITH LIME YELLOW

Whether you're into racing your mates or looking for the rush that comes from the industry's largest naturally aspirated engine, the GP1800R HO (High Output) offers a very affordable and versatile option for the racer at heart. This craft shares the same racing DNA and platform as the GP1800R SVHO, except for the super charger and 160mm high-pressure pump.

- Race designed top loader intake grate and ride plate for race-winning hookup and handling.
- Yamaha's patented RiDE™ dual throttle handle bar control system and electronic trim for improved handling.
- NanoXcel2 ultra-lightweight hull for awesome power-to-weight performance.
- Industry's largest displacement, 1812cc four-cylinder (supercharged SVHO) and (naturally aspirated HO) engines.
- Race inspired sports bolstered seat for maximum comfort, support and race fit.

EXR

POCKET ROCKET

The EXR adds to Yamaha's formidable racing line-up, delivering a race-ready, super responsive and extremely agile watercraft at a very affordable price.

Based on Yamaha's EX Rec-Lite Series WaveRunners, this compact watercraft packs a real punch with its combination of ultra-lightweight body and powerful 1049cc high-output engine. With its racy looks, nimble handling and strong power-to-weight performance, the EXR will satisfy those adrenalin junkies looking for an aggressive and extremely fun on-water experience.

STANDARD FEATURES

- 144mm High-Pressure Pump
- Multifunction Information Centre
- 29 Litre - Glove Box, Under Seat and Hood Storage
- 50 Litre Fuel Capacity
- Sports Seat - 1 to 3 Person Capacity
- Dual Mirrors, Reboarding Step and Tow Hook
- Automatic Bilge System

PARTS & ACCESSORIES

EX BOW STORAGE

Suitable for all EX models, this roll-top storage offers an additional 20 litres of waterproof storage. Simply swap out the bow storage tray and attach the bag, using the existing factory fasteners. *

EX HATCH STORAGE

Integrated into the bow lid design, this dedicated storage section allows you to store and view your smart phone (waterproof phones only) through the transparent window for all EX models. *

EX STERN STORAGE

Suitable for all EX models, this custom-designed compression-moulded stern storage unit provides an additional 15-litre storage capacity, while still allowing easy access to the stern tow hook. *

EX / VX AUDIO PACKAGE

Exclusive to Yamaha, these Bluetooth speakers come with RAM mounts for attaching to EX, VX and GP1800R Series models. They are waterproof, shockproof, have a 12 hour plus playtime and can float. *

VX COOLER BAG

Holding up to 18 cans, this cooler bag is designed to fit in the VX bow and optional stern storage compartments. Includes comfortable carry handles, adjustable shoulder strap, waterproof liner and high-density insulation. *

VX STERN STORAGE

Suitable for 2015 and later models, this custom-designed compression-moulded unit can hold two rods, store up to 40 litres or the VX Cooler Bag, while allowing access to the tow hook. *

FX AUDIO PACKAGE

Exclusive to Yamaha, these Bluetooth speakers come with custom designed mounts to fit all 2019 and later FX models. These portable speakers are waterproof, shockproof, have a 12 hour plus playtime and can float. *

FX COOLER BAG

This custom-designed cooler bag can hold up to 30 cans and fits neatly into the bow storage compartment. Includes comfortable carry handles, adjustable shoulder strap, waterproof liner and high-density insulation.

MAINTENANCE & SERVICING

To ensure your WaveRunner stands the test of time and achieves maximum resale value when it comes time to sell and upgrade, it is important to follow the recommendations shown in the WaveRunner Owners/ Operators Manual:

WASH

Wash your WaveRunner down after every use with Yamalube Pro Spray Wash and for those stubborn stains, use Yamalube Hull Cleaner.

FLUSH

Flush your engine after every use and spray with Yamalube Silicone Protectant and Lubricant.

PROTECT

Protect your pride and joy from the elements with a high-quality genuine WaveRunner cover.

SERVICE

Ensure your WaveRunner is serviced by an Authorised Yamaha Service centre at the correct service intervals.

PARTS

Always use Yamaha Genuine Parts and Accessories.

Only use an Authorised Yamaha Service centre, because no one knows your WaveRunner better than your dealer. They have the technical expertise and factory know-how to service and maintain your investment.

YAMAHA 3 YEAR WARRANTY

At Yamaha, we stand behind our product, that is why we were the first in the industry to offer a three-year (two + one) warranty.

This is made up of a two-year standard manufacturers warranty, plus customers who choose to have their WaveRunner scheduled services (listed in the applicable owner's manual) completed by an Authorised Yamaha Service Centre, receive an additional one-year Extended Warranty.

Yamaha's three-year warranty is available for no additional cost and covers all new WaveRunners purchased from an authorised Yamaha dealer for personal use only.

With Yamaha you can relax and enjoy your time on the water knowing you are protected, should you ever need it.

RESPONSIBLE RIDING

RESPECT LOCAL MARITIME REGULATIONS

- Always obey local navigation regulations
- Ensure your PWC is registered, with appropriate labelling affixed
- When required by local authorities, present all papers (permit, registration card, insurance document etc.)
- Observe and obey local age restrictions for riding
- Do not enter any prohibited zones
- Ride at reduced speed in harbours and obey speed limits
- Do not ride your PWC at night
- Do not ride PWC after consuming alcohol or drugs.

RESPECTING THE ENVIRONMENT

- Always refuel on land and keep the engine compartment clean at all times
- Responsibly flush and clean the PWC after each ride
- Do not litter or pollute the waterways
- Respect fauna and flora, and adapt speed when in areas with a high wildlife population.

RESPECTING THE FACILITIES AVAILABLE IN PORTS

- Do not damage launching ramps or their surroundings
- Only leave your PWC trailer in the designated parking area
- Respect other ramp users and wait in turn to launch PWC.

SHARING WATERWAYS

- At all times, maintain a safe distance from the shore, other vessels, and people in and around the water
- Limit noise pollution around other vessels and residences
- Pay attention when riding and keep an eye on the conditions
- Be wary of off-shore winds and tidal currents
- Plan your trip carefully, ensure there is enough fuel and the PWC is sea-worthy before riding
- Check operational controls prior to riding
- Remain with the PWC during an emergency or mechanical failure.

RIDING WITH ALL SAFETY EQUIPMENT

- Ensure appropriate riding gear is worn at all times
  i.e. Wear approved life jacket and riding gear
- Bring a towing device (anchoring point and tow rope)
- Ensure the tether lanyard clip is attached to the driver's wrist or life jacket at all times. This cuts the engine ignition if the driver falls overboard
- Bring a portable phone (in a waterproof case) or a hand-held marine radio at all times.

MAKE YOUR DREAM

A REALITY

YAMAHA MOTOR FINANCE

Yamaha Motor Finance Pty. Ltd. (YMF) is a 100% owned subsidiary of Yamaha Motor Australia Pty Ltd that has been established to give Yamaha customers access to specially tailored finance packages on Yamaha's huge range of motor products.

This unique relationship means YMF has a better understanding of marine products that may suit your needs. If you are looking to finance your new WaveRunner, YMF provides real value.

A YMF loan is simple and convenient. Applications can be completed in person at one of Yamaha's nationwide dealerships or online through the Yamaha website.

YMF's goal is to help you purchase the products you have always wanted to make your dream a reality.

Apart from competitive repayments on loans, you also benefit from the following:

- Simple and convenient
- Flexible loan terms available from 2 to 5 years
- Fixed interest rate and repayments
- No monthly account keeping fee
- Ability to finance accessories and approved insurances

INDICATIVE INTEREST RATE^	COMPARISON RATE
11.50% p.a.	**11.97% p.a.**
Financed Amount	Indicative weekly repayment
